Executive Homestay in Malta (EHM)

The Executive Homestay in Malta (EHM) programme is specifically designed for clients who do not have the time to have regular English lessons every week. Instead, this programme offers you the option to come to Malta for 1 or 2 weeks, live in a luxury apartment with your tutor and completely immerse yourself in the English language. In this way, you will rapidly improve your level of English.

Before your first lesson, you will have the opportunity to discuss your specific objectives with your tutor and a tailor-made programme will be proposed to help you achieve them. This will also be a good opportunity for your tutor to get an initial assessment of your level, in order to ascertain that your objectives are realistic depending on your current level and the number of hours that you choose to study for.

The EHM programme comes in two formats: the 15-hour/week intensive course or the 30-hour/week super-intensive course. Whilst we primarily offer these courses in a one-to-one format, you may also choose to book a one-to-two course and be joined by your partner or colleague (who will need to have a similar level of English), have your lessons together and share a room (either set up as a twin or a double room, depending on your specific requirements). Choosing the one-to-two option will entitle you to a 50% discount on the second person's course and accommodation fees¹.

Why should you choose the EHM programme?

- To rapidly improve your level of English, with hours of instruction and practice per day
- To completely immerse yourself in the English language
- To interact with native speakers on a daily basis
- To combine language learning with a break from your usual routine

¹ The discount does not apply to optional meals throughout your stay.

How we do it

This is a 5-day², fully-immersive, tailor-made programme in a luxury apartment with swimming pool in the northern region of sunny Malta, within walking distance to the island's largest sandy beach and with easy access to many other beaches and cultural sites as well as the islands of Gozo and Comino.

You may choose between an intensive (2 x 90 minutes/day for 5 days) or a super-intensive (4 x 90 minutes/day for 5 days) one-to-one course. Our guests are provided with a private double bedroom with ensuite bathroom, free internet and use of the facilities in the apartment (living room, kitchen, lounge, laundry, outdoor terrace and communal swimming pool). You can also choose to have breakfast laid out for you every morning and have a daily selection of lunch options prepared by a chef. Alternatively, you may choose to prepare your own meals throughout your stay.

This programme runs every Monday to Friday throughout the year and is limited to 2 clients per week. Due to this limited capacity and the expected demand, early booking is highly recommended! We are ready to welcome you as from Sunday evening (from 18:00) and check-out is also possible on Saturday morning (until 10:00) at no extra cost.

For the duration of your stay, you will be immersed in the English language, and will have the opportunity to chat with your tutor in English beyond regular classroom hours, such as during breakfast and lunch. Moreover, English is widely spoken in Malta so you will have plenty of opportunity to actively use the language when interacting with others.

Beyond the time you spend improving your English with your tutor, you will also be able to discover the beautiful Maltese islands throughout the rest of the day and experience the culture of a country with a 7000-year old history or to relax on its many picturesque beaches, including the world-famous Blue Lagoon in Comino. For the more adventurous, combining a language holiday with a diving course is also an option. Who says that you can't mix business with pleasure?

Pricing per person (including tax)

Intensive (2 x 90 minutes/day for 5 days) winter	€1000
Intensive (2 x 90 minutes/day for 5 days) summer	€1200

Optional dinner on Sunday evening and breakfast on Saturday morning	€47.20
Optional excursions, airport transfers, etc	Price on request

² It is also possible to book 2 consecutive 5-day programmes at a discount. Contact us to know more.

About the trainer

Clive Cusens is a Cambridge-qualified, native teacher of English who began teaching in 2003. His international teaching career saw him work in Malta, the United Kingdom, the Czech Republic and Spain between 2003 and 2010. He can count clients from Skoda Auto, Cisco Systems, Robert Bosch, Endesa, international law firms and other high-profile companies as some of his many high-level clients. Additionally, he also taught officials from the Spanish Ministry of Tourism and the Czech Ministry of Regional Development and the Ministry of the Interior. During his last foreign posting in the Czech Republic, Clive was responsible for the English department of one of the leading language schools (Jazyková Škola Polyglot) in the country, where he was responsible for teacher recruitment and training, in addition to his teaching duties.

In 2010, he took a break from teaching to focus exclusively on his studies. Upon graduating from the College of Europe in 2011, where he read for a Masters in EU International Relations & Diplomacy Studies, he gained work experience in the European Economic and Social Committee and at the European Parliament. He later went on to work as a diplomat at the Permanent Representation of Malta to the European Union, where he was the lead delegate in a number of Council Working Groups. In 2016, after a number of years in this post, Clive decided to return to his passion for teaching and founded Eloquent Language.

Since founding Eloquent Language, Clive has developed a niche in teaching English for Diplomatic, Political and Business Purposes. His current and former clients include Members of the European Parliament, Secretaries-General, EU officials of various levels of seniority, lawyers and high-level corporate executives. He is also an editor and visiting tutor for Spring Productions International.

Eloquent Language - because language matters
